Get Ready for Changes to M-Pathways Student Administration & Human Resource Management Systems

April 10, 2013

The M-Pathways Student Administration and Human Resource Management System (SA/HRMS) will be unavailable from 5 p.m. Thursday, May 30, through 7 a.m. Monday, June 3, 2013. This includes Employee Self-Service, Faculty Business, Student Business, Manager Desktop, and Time Approval.

A more detailed description of how this may impact you as well as ongoing updates on the database split project and the HEODS retirement are available at: http://www.mais.umich.edu/hrms/hrsa-db-split.

System Changes

The service interruption will enable ITS to implement several changes:

- Splitting the M-Pathways SA/HRMS database into two systems. There will be separate Student Administration and Human Resources Management systems.
- Retiring the HEODS reporting environment at 7 a.m. Monday, June 3, and moving reports into the applicable M-Pathways production environments.
- The online Access and Compliance form must be completed annually effective June 3, 2013. Previously, this was a one-time step when you first gained access to M-Pathways. If your Access and Compliance consent was completed more than a year ago, you will receive another email to request that you renew your consent prior to June 3, 2013.

Impacts Effective June 3, 2013

- If your Access and Compliance consent is expired, you will need to re-attest before you can access the SA or HRMS systems.
- You will use the SA system for student-related activities and the HRMS system for human resources-related activities.
- You will run former HEODS reports and queries in the respective SA or HRMS production environments.

Note: The Financials Operational Data Store (FINODS) will also be retired April 22, 2013. For more information, visit: http://www.mais.umich.edu/fin/finods-retirement.html.
