

Sponsored Programs Implementation Team Final Report

Appendix D. Issues Arising

The following issues were brought to the attention of SPIT but fell outside of the scope of our charge. This could provide preliminary issues for the Research Administration Advisory Council if it is created as we recommend.

- How and when are 7471s to be used? What signatures are required?
- When are Material Transfer Forms required? How are they to be prepared?
- Institutional Review Board approvals are still very slow.
- Electronic research administration
